Dear Peter and Pam

Hi! lots of greetings from Hannah-Nduta. I humbly take this privilege to pour out my gratitude to you for the sponsorship. I am in class eight at Uperdo primary school. Though I have never seen you, I have lots of you in my mind.

Greatest of all is that you are humble and caring people and I ought to emulate you because you are doing this from your heart. In my last exam, I scored 320 marks and I am ready to work hard and smart to achieve my W.C.P.E target later next term.

I know I will achieve my goals and help other people who are like me and need help. I came to Uperdo because of many challenges and so my loving grandmother Mrs. Ihamotho brought me up. But that was not something to make me so unhappy for I knew that God makes his ways for there are people of good heart.

I promise to do well and help people in our country and become an important person in life. When I grow up, I would like to be a surgeon ~~great~~ and so I also ask you to continue supporting me until I be that surgeon great. Everybody there in ~~country~~ your family and advice people of help people like us who are the next Mischel Obama in our country. I would ask the Almighty God to bless you abundantly and continue

Showering his unfinished blessing to you so that you may  
gain the strength to continue sponsoring us, up to the end  
of your life

From loving friend
