How are you?

My name is Nabateregga Dorothy.

I am sixteen years old. I am in senior one.

My favourite subjects are commerce, English, chemistry and Geography.

I would like to thank my teachers who taught me in primary school and in secondary.

I would like to study because I want to become a beautician when I complete my studies. and I thank my friends.

I will work hard so that to become a beautician when I grow up in my future.

I will be very kind to you my dears and I will make you proud and I will be happy when I become what I want to be. Thank you.

Yours kindly

Nabateregga Dorothy.
